## U.N. DISARMING U. S. FOR RED TAKE-OVER

* * * *

By W. Frank Horne

**MODERN RED SLAVERY**

**"The Communists have discovered that a man killed by a bullet is useless . . . that a demolished city is useless. The objective of Communist warfare is to capture intact the minds of the people and their possessions, so they can be put to use. This is the modern conception of slavery."**

**Edward Hunter** to the **House Committee Un-American Activities,** March 13, 1958.

**U. N. — "RED SUPER-STATE"**

The time for action is **now**—not tomorrow, but **today!** Tomorrow may be too late. Every patriot, every patriotic broadcast, every patriotic periodical should be launching a full-scale attack on the **United Nations** and **its subsidiaries,** and not let up until the Senate brings action against this traitorous Red Trojan horse in our midst. Never before, have its evil designs been so openly apparent.

**It has only one sole purpose, a "Red world super-state designed to usher in the reign of anti-Christ."**

The super-state would bankrupt our economy,reduce our people to poverty and slavery, destroy every vestige of freedom and abolish every fine tenet of our constitution and the Bill of Rights.

**PLANS FOR TAKE-OVER**

The administration, through executive orders, legislation and state department action during the past two years has speeded up the accomplishment of the U. N.'s collossal scheme. The establishment into law of the **Disarmament and Peace Act,** known as **Public Law 87-297** has put us on record to dissolve all of our military forces within a period of nine years, and makes way for the **policing of our nation with UN troops.** Already these troops are maneuvering in our land under **"Operation Moccasin," "Operation Crescent"** and similar rehearsals for **the TAKE-OVER.**

Plans are under way for such maneuvers, not only in Georgia, but in the Pacific northwest and the midwest areas. The administration's policy on the common market and defeatism in Laos, Vietnam, Berlin, and other compromises with the Kremlin has put us in a weak and vascillating position where we can be brow-beaten into retreat by any combination of small nations in the world. This new betrayal of the Cuban patriots, and the protection of Castro's Communists in full violation of the Monroe Doctrine is leaving the western hemisphere open for the **Communist TAKE-OVER.**

**ADMINISTRATION AIDS REDS**

It seems inconsistent for the administration to argue that only the Cubans can wrest their freedom from Castro; and then hold them back. I cannot see how (inviting them, as the president did at his press conference, to join the United States Army, which is committed to not invade Cuba,) he is offering the Cubans a way to fight for Cuban freedom by enabling them to fight at Vietnam, but not in Cuba.

We continually talk about **"free people"** on one side of our mouth, while we allow and help to put former free nations like Katanga and Cuba under red domination, where the people are willing to fight back.

While talking of freedom for the world, we are under-writing with finances and our prestige the United Nation's diabolical plot to establish under our government a one-world economy. The government and economy has almost been accomplished.

Now plans are under way in the building of a twelve-story International Church Building on the U. N. site, which sooner or later will become headquarters for the plot to place every denomination under centralized world religious control.

Already our executive department has put themselves in a place where under the guise of an emergency, they could establish a complete dictatorship over our way of life and would commit at once all who fought back, to mental institutions, or to concentration camps or prison. These are the facts of **executive dictatorial power already arranged.**

**DICTATORIAL POWERS**

This series of **Executive orders** was signed by **President Kennedy** on February 16, 1962:

**"e. o. No. 10995 - TAKE-OVER of communications media.**

**e. o. No. 10997 - TAKE-OVER of all electrical power, petroleum and gas; fuel and minerals.**

**e. o. No. 10998 - TAKE-OVER of food resources and farms (including all equipment for farming.)**

**e. o. No. 10999 - TAKE-OVER of all modes of transportation and control of highways, seaports, etc.**

**e. o. No. 11000 - MOBILIZATION - of all civilians into work force under government supervision.**

**e. o. No. 11001 - GOVERNMENT TAKE-OVER of all health, education and welfare functions.**

**e. o. No. 11002 - Designates Postmaster General to operate a national registration of all persons.**

**e. o. No. 11003 - Government to TAKE-OVER all airports and aircraft.**

**e. o. No. 11004 - Housing and Finance Authority to relocate communities—build new housing with public funds—designate land areas to be abandoned as unsafe - and establish new locations for populations - complete integration will be enforced hereby under JFK's latest executive order against discrimination in housing, built with public funds.**

**e. o. No. 11005 - Government to TAKE-OVER railroads, inland waterways and public storage facilities.**

**e. o. No. 11051 - Designates responsibilities of office of emergency planning; gives authorization to put all other executive orders into effect in times of increased international tension or economic or financial crisis.**

**Part One - Sec. 101d - herein states (the Director) is to . . perform such additional functions as the President may from time to time direct."**

Under these Executive Orders we would surrender ourselves to an Executive dictatorship, which in turn could place us under complete U. N. control.

**KILL THE SPIDER**

We can't forever be trying to remove the cobwebs, but if we do not kill the spider, then all our labors are in vain. The spider definitely is the international conspiracy which is using the United Nations as a vehicle through which to bring in the reign of the anti-Christ.

The time has come when we should tear down every United Nation's flag, boycott every business or organization which displays the flag, infiltrate and capture and destroy every pro-United Nations organization. Offset every U. N. program in our local areas by picket lines and publicity, and through educational drives to show the people how the freedoms are being taken from them. No Senator or Congressman should have our support if he is a friend of the United Nations, for no man can serve two masters. He will love one and hate the other! You cannot serve God and Mammon! You cannot serve Christ and anti-Christ with the same loyalty.

Let us remind those in Congress we as American patriots and lovers of Christ are going to call a halt to the desecration of our republic by evil and sinister forces operating thru the **U. N. Trojan horse;** and the **"Council on Foreign Relations"** and in the **State Department.**

We must work at once to support every piece of legislation which seeks the abolishment of the U. N. and the investigation of our State Department policy. This must be an over-all fight to the death! We must not be distracted by the efforts of the enemy to divert our minds on the other issues.

Let us in the months ahead go over the top with a full scale offensive. The hour of retreating is over.

**Let us "KILL THE SPIDER."**
